

Petition Calling for Independence for the State of Florida

Date Submitted: _____

Reform is not possible. We must now demand our independence. Please consider signing the following petition.

Whereas, the general government of these united States has, and continues to unlawfully define the limits of its own power to the disadvantage of the separate and sovereign States and of the people, and

Whereas these repeated and ever worsening encroachments upon the lives, liberty, and property of the People of the sovereign States constitutes and evidences a clear design to enslave them under an absolute despotism, and

Whereas it is the unalienable, God-given right of the People of the sovereign States, each State acting for itself as an independent polity, to abolish any form of government that has become destructive of life, liberty, and property, and

Whereas, free men are under no compulsion to yield their freedom to perpetuate a government that no longer secures their liberty and happiness, no matter what their affection for its history,

Now therefore, I, the undersigned, petition the government of the State of Florida to call for the convening of a Convention of the People for the sole purpose of debating, and if found necessary and prudent, enacting a solemn ordinance of secession from the union now subsisting between Her and other States under the Constitution for the united States of America.
